More than 300 dealership employees obtained NJ CAR *Legal & Regulatory Compliance* Certification in 2007. All TRACK I and TRACK II certified dealership managers must attend a Re-Certification Seminar every two years in order to retain their certified status.

**TOPICS COVERED INCLUDE**

This half-day course will briefly review all of the major regulatory topics, with the majority of the time focused on changes to existing regulations that have been implemented over the last two years, and on new laws and regulations that have gone into effect during that period. Recent changes include the pending enforcement date for the Red Flags Rule, recent changes to the New Jersey MVC requirements for PIF licensing, changes in MVC procedures, “stop codes,” and the Division of Consumer Affairs’ positions on the rules governing Internet and other advertising, and used car pricing.
