

## SpinCar Capture App:

A revolutionary tool which allows your photographer to capture 2x the number of vehicles per hour. In just two minutes the SpinCar Capture App Produces:

- SpinCar's seamless, interactive 360° WalkAround
- 200 inventory photos
- Live video with voiceover
- Panoramic interior view

Drive higher consumer engagement with SpinCar 360° WalkArounds. SpinCar automatically converts vehicle photographs into super-interactive 360° displays with tagged, touchable hotspots. Proven to increase time on VDP by creating an engaging, unique buying experience that consumers love.

## KNOW YOUR CUSTOMER.

SpinCar provides data that's as unique as your shoppers

### LEAD INTELLIGENCE REPORTS

See what's important to each prospective buyer by tracking hotspot clicks on features – not just pages and VINs.

### VDP INTELLIGENCE REPORTS

See how effective the software is. Increased turn rate, increased time on site, and conversion rates.

### INVENTORY ACTIVITY REPORTS

Leverage demand-side website activity metrics alongside your pricing tools to make more informed merchandising decisions.

QUICK IMPLEMENTATION - COMPREHENSIVE REPORTING - MOBILE FRIENDLY - CUSTOMIZABLE FEATURES
